OBJECTIVE

Full-stack web developer specialized in the MERN stack, proficient in building dynamic front-end interfaces with React and scalable back-end systems using Node.js and Express. Passionate about clean architecture, performance optimization, and user-focused design to deliver high-quality web applications.

EDUCATION

Bachelor of Computer Science, Tanta University

2023 – 2027

Faculty of Computers and Information – Computer Science Department

PROFESSIONAL EXPERIENCE

Web Designer Intern

Aug 2025 – Oct 2025

National Telecommunication Institute (NTI) – Cairo, Egypt

- Designed and developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Translated UI/UX design concepts into fully functional and modern interfaces.
- Improved user experience through accessibility and mobile-first design approaches.
- Collaborated with peers to build visually appealing websites aligned with client requirements.
- Gained practical experience in frontend workflow, version control, and web optimization.

SKILLS

Programming Languages

JavaScript, Python, C++, C# (basic)

Frameworks

React, Node.js, Express, MongoDB

Web Development

HTML, CSS, Bootstrap, REST APIs, Responsive Design

Soft Skills

Communication Skills, Emotional Intelligence, Teamwork, Team Leadership, Presentation

PROJECTS

E-Book Store (Full Stack MERN Project). Developed a full-stack web app using React, Node.js, Express, and MongoDB. Implemented user authentication, CRUD operations, and optimized API performance for handling 500+ requests concurrently.

Restaurant Menu (Frontend Project). Built a responsive restaurant menu web application using React, HTML, CSS, and JavaScript. Designed interactive UI components with 100% Lighthouse accessibility and reduced load time by 60%.

CERTIFICATIONS & COURSES
